# VELCA EQUIPMENT & ENGINEERED PRODUCTS INC.

# COMPANY OVERVIEW

## VELCA EQUIPMENT & ENGINEERED PRODUCTS, INC.,

Established in 1987, is one of the country's leading sources for capital equipment in the industrial sector, more particularly, in the manufacturing, foundry, steel, cement, paper, mining, power, sugar, and glass industries. Velca has achieved this through exclusive representation agreements with world-renowned manufacturers of world-class recognition, each in their different fields of expertise. With the success garnered in the industrial sector, Velca has extended its expertise to the field of technical education through cooperation agreements with the world leaders in high technology laboratory trainers for use in primary, secondary, vocational, pre-engineering, and post-engineering levels.

With these resources to back them up, Velca is determined to continue what the Company had started almost 25 years ago, and that is to insure that Philippine Industry is given the opportunity to be updated with what engineered products are currently available in the world.

### **Mission Statement**

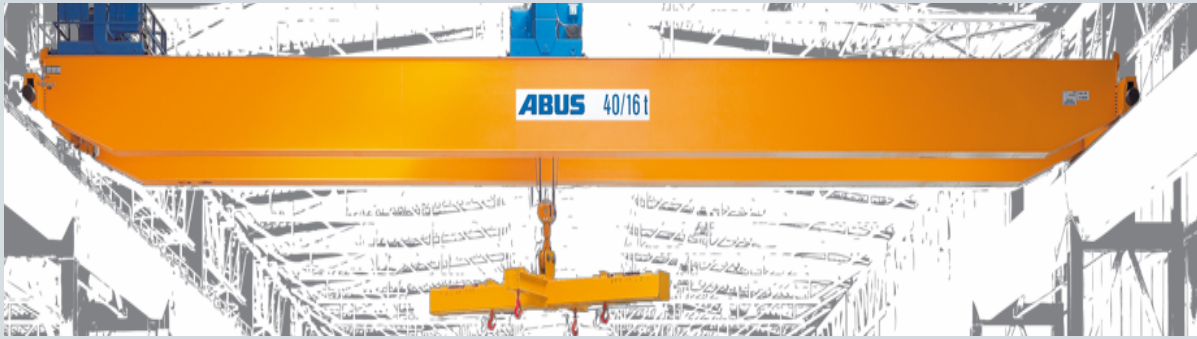

To assist in the development of Philippine Industries and Educational Systems by introducing and providing world-class environmental friendly technology to learning institutions and to industry. To provide competent and reliable after sales services ensuring long-term product performance and customer relationship. Promote the general well being of its employees as part of the nation's labor resource.

# PRODUCT LINES

## 6. Masselli Misura Products

<http://www.maselli.com/en/>

Well known Italian Company that is able to design and directly produce automatic on-line and laboratory liquid analyzers.

1948

2013

# PRODUCT LINES

## 6. Steinfurth

<http://www.steinfurth.de/page,co2-measuring-instruments.htm>

The approved electromechanical measuring instruments include: CO2 measuring instruments, measuring and calibration equipment, torque, calibration equipment for torque, logger systems, package testing equipment, carbonation systems, sampling devices, laboratory shakers, beer analyses instruments and mining systems.

# PRODUCT LINES

## 7. Biometrics Ltd.

<http://http://www.biometricsltd.com/>

Biometrics Ltd is a specialist manufacturer of data acquisition sensors, instruments and software used in the markets of medical research, rehabilitation, ergonomics and sports science for movement analysis

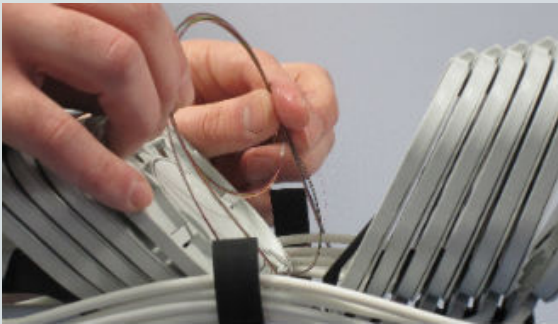

# PRODUCT LINES

## 7. Prysmian Cables

<http://www.prysmiangroup.com/en/index.html>

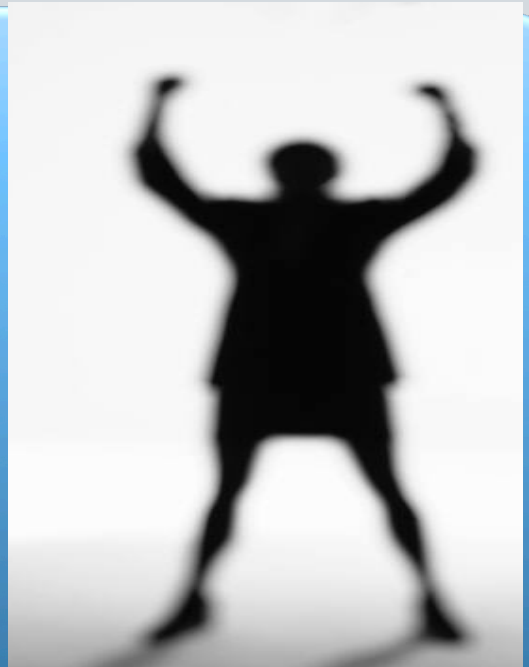

It also operates in the businesses of underground and submarine cables and systems for power transmission and distribution, of special cables for applications in many different industries and of medium and low voltage cables for the construction and infrastructure sectors.

# HISTORY

## DISTINGUISHING ATTRIBUTES OF VEEPI

1. Strives for excellence in all that we do
2. Variety and Quality in its Equipments and one of the best in its category.
3. Knowledgeable sales force
4. Consistent Reliability in its after sales service
5. Does not compromise quality with price

# HISTORY

## EXPANSION and GROWTH

... Due to these attributes additional subsidiaries were established

Drugmakers  
Laboratories

PMSI

Pneumatic  
Technologies  
Inc

Velca Travel Inc

# HISTORY

## EXPANSION and GROWTH

VEEPI is also affiliated with a Filipino drug company . . .

**DRUGMAKERS BIOTECH RESEARCH  
LABORATORIES INC.**

-Provides toll manufacturing for multinational companies like :

1. Unilever Philippines
2. Sara Lee
3. California Manufacturing Company (CMC)

# TRADING PARTNERS

## CT Struckmann & Waege

Source for various equipment & spare parts manufactured in Europe, in particular, the countries in the vicinity of Germany. Also acts as our shipment consolidator in Europe.

## Prime Resources

Source for various equipment & spare parts manufactured in the U.S.A. Also acts as our shipment consolidator in the U.S.A.

# MAJOR CLIENTS
